SIR BENJAMIN BRODIE,

Surgeon to the Royal Family of England that there is no other medicine which is CAPABLE of doing so MUCH GOOD, and yet so INCAPABLE of doing injury What distinguished compliments are these! Never was there a medicine honored with STRONGER RECOMMENDATIONS It CURES when every thing else fails, the

Severest Scrofula and Humors,

where the flesh falls off the bones—the bones are diseased and the DART OF DEATH seems ready to strike the sufferer And the reason for this is, that it makes the BLOOD perfectly Pure Rich, Healthy Quick Free Nutritious It CURES all those ALARMING cases of DYSPEPSIA and JAUNDICE where the Liver is Swollen and Painful Strength wasting Appetite gone, Pulse weak or Feverish, Skin yellow, Nerves deranged It restores Health, Strength, and Vigor to every disordered function of the System—causing them to move on just as Nature requires And for its WONDERFUL Power over Disease in every form and part which no other Medicine possesses, the public justly style it the

Master Remedy of the Age!

The great secret of all its triumphant success over all other Sarsaparillas, is, that it does not temper with the patient or prolong his sufferings But it first attacks the disease and stops it then removes it, then brings up the flesh and strength on a perfectly pure Blood so that the cure is always thorough and permanent Other remedies scatter, or back on the disease but this EXTIRPATES it wholly from the system—this saves the patient while the others endanger it The whole Body is made so healthy by the use of this GIANT MEDICINE, the System so vigorous—Mind so cheerful—Nerves so quiet—Skin so fair—spirits so buoyant that Medical Colleges, Professors, and Physicians always prefer it for the sake of its Superiority Try it all you who are seeking the PRICELESS BLESSINGS OF HEALTH

McKENNEY'S

COSSACK SALVE!!

An invaluable Remedy

FOR Fever Sores Rheumatism, Swelling of the Feet and Limbs Swelling of the Tonsils or Sore Throat Chronic Eruptions of the Skin and all Scrofulous Diseases Rigid Cords occasioned by Colds or Strains Stiff Neck Chilblains or Chapped hands, Sore or Inflamed Breast, Weakness or Pains in the Stomach Piles Corns Warts and Common Sores and Cuts and Bruises of all kinds

In bringing this article before the Public we are aware that we labor under no small disadvantage amidst the multitude of All Healing Ointments and Panaceas that are now advertised as the "*most effectual*" and *certain cures*" for all diseases indiscriminately, in which man or animals are subject

A history of this Salve and the wonderful cures it has effected in the above complaints will be found in a pamphlet accompanying each Box—a reference to which is invited before purchasing

We would only add that we have undertaken the task of manufacturing the above named Salve at a considerable trouble and expense, not so much as a matter of speculation and pecuniary benefit as to comply with the earnest and repeated solicitations of personal friends and those who have experienced its wonderful medicinal and all healing properties

It may indeed, that we do not expect to realize a hundred cents for our services would be idle and useless to continue But we do feel confident that for both we richly deserve at the public are receiving a full and just equivalent

As we have already intimated we do not and shall not call to our aid the empty *puffing of the Press*" or the bought certificates of live nobodies and shall make use of them only so far as they have been or hereafter may be, entirely *voluntary* and *unsolicited*

The Salve is now before the Public!

They, and they alone will decide upon its real virtues and medicinal properties We say less were impertinence to ourselves—to say more would be superfluous

Here are some of the many Certificates—

The subscriber was afflicted with a Fever Sore upon his leg for about six years and in the winter of 1845 it commenced swelling from the ankle to the knee After using many remedies without success I applied some Salve obtained of Mr A M McKenney and continued its application until I had used six bottles which entirely cured me and I have had no return of the disease since I would also say that I know the above Salve to be a cure for CORNS, one of my family having used it with the purpose with complete success

DANIEL SEAVEY

Dexter (Maine) May, 1846

This certifies that one of my sons having been afflicted with a Fever Sore for more than a year and having tried various means to effect a cure without success which cost me about forty dollars I bought 14 oz of McKENNEY'S SALVE which effected an entire cure in less than two months SIMEON MARSTON

BANGOR June 5 1846

Mr McKenney—In going into the woods in the autumn of 1845 with the charge of quite a number of men for the winter lumbering operation I was induced to take a few bottles of your Salve it having been recommended to me as one of the best remedies for accidental Cuts and bruises, and I found indeed to my great satisfaction that it was an invaluable article I also made application of it in cases of Cuts, Sprains, and Bruises upon my cattle and found it equally beneficial It can truly be called the All-Healing Salve

IN BOARD OF ALDERMEN, April 30, 1849

Petitions—Of Shaw and Merrill, for license to erect a steam engine in Fisk's Block on Broad St The 28th day of May appointed for a hearing

—Of Paul Varney et als, for a Reservoir to be sunk near the Hatch House Referred to committee on Fire Department

—Of G W Pickering et als, for the city to lease them a portion of the Bruce Lot, for a term of years, for the purpose of erecting thereon a public Hall Referred to Aldermen W H Mills, and Messrs Emerson and Trask

—Of Thomas Drew, to have a portion of Harlow street relaidout Referred to Com on Streets

—Of John S Sayward et als, to have Pine street from Somerset street to Garland street, opened and made Referred to Com on Streets

—Of R H Dore, relative to the schools in the tract No 1 Referred to Com on Schools

The following Communication of the Mayor relative to the removal of remains from old burial ground, was read at the Board

To the Board of Aldermen and Common Council of the City of Bangor

Under the authority of the city charter, which makes it the duty of the Mayor from time to time to recommend to both Boards such measures as the business and interest of the city in his opinion require, I consider it my duty to call your attention to the Burying ground on Main Street, and to the removal of the bodies there interred to some other and convenient place I am fully aware of the delicate nature of the subject and the deep interest, which a large portion of our fellow citizens must feel in the decision of the question And while I would promote and cherish a sacred regard for the ground consecrated to the dead I would not entirely disregard the interests of the living

This subject has already attracted the notice of many of our citizens as well as that of the city government Several years ago a large tract of land was purchased at Mount Hope for a burying ground for the city, and many of our citizens have procured private lots, which have been enclosed and adorned with shrubbery in which many persons have been interred And I believe an order was passed by the council recommending, that no more interments should be made in the old burying ground And it is well known, that very few persons have been buried there since the purchase of Mount Hope

There seems to prevail a very general sentiment, that sooner or later the bodies, now resting in the Old Burying ground, will be removed, and it is very evident, that it is to be done at all, it should be done without much delay These, who have friends buried there and at Mount Hope, must feel desirous to have them rest together, and persons in the decline of life are anxious that the removal should take place while they live and can attend personally to that sacred duty The question then arises ought the removal to be made?

To answer that question it is necessary to pause and reflect upon the probable destiny of this city It is situated at the head of the tide waters of Penobscot river whose sources, embrace a large portion of the State of Maine, affording great facilities for obtaining lumber from a wide extent of the country, and must be the market to which the agricultural and manufactured productions of this country will come Without question Bangor is destine to become one of the largest cities of Maine if not of New England The time will come when the shore of the Penobscot will be wanted for wharves from the mouth of the Kenduskeag to High head, and a clear passage way from those points needed for streets and buildings, and when it will be difficult to accommodate the shipping, which will resort to this city even if all the room we have is appropriated for that purpose The burying ground, should it remain, will interpose an everlasting obstacle to the convenient transaction of business between different parts of the city It is also highly probable, that a railroad from Kennebec river will soon be extended to this city in which case, I know of no spot so likely to be wanted for a depot, as this ground Here is also a great quantity of excellent gravel which is wanted for our streets The quantity of land embraced in the Burying ground is between three and four acres and when the earth is removed to the level of the street it will be of great value But I am frank to say that it is not the value in money, that I regard If that were the only question, I would not disturb the dead But it is the inconvenience arising to the transaction of business which is to last for ages and, what seems to me to be called for, the public good, that leads me to recommend the removal of the dead

It will be recollected that Main Street has been laid out one hundred feet wide The grading of the streets has already made it necessary to remove several bodies, and, when the street is opened to its full width, many more must be removed If the removal should not take place, it will be necessary to protect the graves near the borders of the ground by walls

Should the City Council decide in favor of a removal, provision should be made, that it be done at the expense of the city and with the most scrupulous attention to the feelings of the friends of those, who are to be removed

Penobscot Oysters.

The experiment was tried here last season by Messrs Vinton & Prentiss of planting oysters at a suitable place on our river in order to supply the market here with them in fine order and fresh The experiment proved sufficiently successful for them to plant four thousand bushels of Virginia Oysters the present season By this means they are enabled to furnish to the trade and to their friends, excellent fresh oysters during the entire season This arrangement requiring as it does a large capital, and no little enterprise, will be found of great value to the keepers of our Hotels and Boarding Houses, and to the public generally There are but few things better than a good oyster, and nothing more worthless than a poor one Now all may be sure of getting good ones

The Recent Storm.

The Southern mail brings us further particulars of the disastrous effects the late storm has had upon the growing crops, in every part of the country In South Carolina the frost seems to have been particularly severe Letters from all parts of the State give a deplorable picture of the prospect of the Cotton crop, and the vegetation generally

We learn from a Washington paper that the venerable relict of the late John Quincy Adams still lies at a critical state in Washington, at the house of Mrs Frey, where, two weeks ago, she was prostrated by a paralytic stroke The left side is said to be entirely dead She cannot be removed to her own house

☞ The correspondent of the N Y Commercial speaks of Gov McDowell of Virginia, as a Wilmot Proviso man, and attributes his liberal opinions upon the slave question to his association with Col Benton—his brother in law The same correspondent says a revolution is going on in many minds in the old dominion upon the subject, which must soon be attended with successful results

☞ The meeting on this evening of the Cadets of Temperance, should attract general attention The meeting is one in which the friends of Temperance and of the welfare of the young men in our city should feel a strong interest Every Bangor Boy of fourteen years of age and upwards should feel a personal interest in the meeting this evening

Immigrants are pouring into this country at the present time beyond all former example—Twenty four vessels arrived at New York on Monday last with immigrants and in Boston during the last week fourteen vessels arrived with passengers These vessels brought not less than seven thousand souls

☞ The Supreme Court of Vermont has decided that the vender of ardent spirits without a license cannot recover a debt for the same—The new license law of Wisconsin also pronounces all such debts illegal

☞ The following article from the National Intelligencer is worthy of attention The opponents of the Whig party are at work, and nothing will be left undone by the two parties which opposed the election of Gen Taylor, to overthrow whig principles and again erect the altar of Locofocoism

The Coalition Opposition It was only this day week that referring to the opposition to the administration of Gen Taylor, so early and so wantonly waged by the organ and retainers of the last Administration, we remarked how apparent it must be to every reader of the Union that it had, within the past few weeks, become inspired with a fresh hope and renewed vigor by the prospect of coalition between the democrats of the South (its own family party) and the political "free soilers of the North" It was on the same day—and a most curious coincidence it certainly was—that the "Union it self, as if in concert, *confessed* the new hope and the fresh incitement, and at the same time the ground of it all, in the following sentences

"We owe everything to our principles and our party, *and we are making arrangements to infuse such further talent and energy as the occasion obviously requires* We have great confidence in our cause, as well as in ourselves, great confidence *in the associate whom we shall attempt to bring into our establishment* FROM THE NORTH OR NORTHWEST, and we trust we are not mistaken when we add, great confidence in the Republican party We shall stand by them, and we appeal to them to stand by us"

The venerable Editor has great confidence in the associate—though he does not know *who he* will be, or whether he is to come from the North *or* Northwest—who is to do the Free soilers of this organ of "*the* Republican party," which party is to be compounded of the Democracy of Virginia, South Carolina Alabama, &c and the political Free Soilers of Ohio, Indiana Connecticut New Hampshire, &c

Following this remarkable revelation by the Union itself we are already enabled to put our readers in possession of *the particulars* of this COALITION, the existence of which has hitherto been assumed chiefly by *circumstantial* evidence We have now *positive proof* of the compact, and the grounds of it, in the subjoined open avowal of the whole affair from one of the leading newspapers in that quarter of the country in which our venerable contemporary in this city has, with a *minute* which charms by its innocency, informed the Public that he is expecting to bring *an associate* into his establishment We trust that no reader will lose one syllable of the important disclosure, which follows, of the history and the terms of the political compact which has been entered into by the "Democrats and Free Soilers of Wisconsin, and is expected to be emulated and imitated by other States the only element of which is opposition, *right or wrong*, to the Taylor Administration

[From the "Daily Wisconsin of April 9]

"THE UNITED DEMOCRACY OF WISCONSIN—We learn that previous to the adjournment of the Legislature, the Democrats and Free Soilers perfected a union on the basis of sound principles, and that, in consequence thereof, but one State Convention is to be call d next fall for the nomination of Governor, &c, to be represented by two delegates from each Assembly district in the State

It has long been perceived that the differences were a mere matter of organization That they unfortunately yielded, and now the Democrats who supported Cass and Van Buren will work together, and thus secure in Wisconsin a Democratic majority alike impregnable to the efforts and seductions of the Taylor Administration The united majority of Cass and Van Buren over Taylor was 11,000 We can scarcely expect a large majority hereafter, as many Whigs who acted with the Free Soil party will join the Taylor party, but we can give the largest Democratic majority of any State in the Union.

It is pertinently stated that the example of the Democracy of our glorious State will be found worthy of emulation in other States We have a natural pride in saying that Wisconsin is the pioneer State, where this union has been first consummated

How low must be the standard of political morality in what is claimed to be a majority of the people of the State in which a transaction so unprincipled as this, can be considered a matter of boast and natural pride by those who are parties to it

Singular Accident

On Friday afternoon, a son of Mr Joseph Gardner, a lad of about fourteen years employed in a steam Cordage Factory of S Whitmore & Son, in Bridge street, met with a very singular and fatal accident His neck kerchief became entangled in the twist, and was turned so rapidly and tightly that the boy was nearly strangled before he could be extricated He was rescued as speedily as possible by cutting the neck tie, and fell as if dead He was taken to the office, and revived sufficiently to be carried home, but in the evening it was found there was a paralysis of the extremities indicating some serious injury, and he died on Saturday evening—Salem Register, 30th

Mr Fowle—Dear Sir—I could send you a dozen certificates, *strong* and *decisive* of the *really astonishing effects* of your *valuable Balsam of Wild Cherry*, within the past twelve months, under my own supervision and direction Indeed, I know of few persons who have used it, comparatively, but commend it in the strongest terms. A case of *Asthma*, the *severest I ever saw*, to which I was called a month ago, evinced the *superiority* of the *Balsam* This disease lasted six weeks and the dyspnea and suffering were *dreadful*! he sat up every night. The nurse (21 miles,) so that he might see his wife and child and die in peace! I gave him one bottle of the Balsam, and four ounces of syrup squills, directed him to take tea spoonful doses of best Bordeaux Olive oil, when the difficulty of breathing was greatest. Next day I found the gentleman told me to give him something to last him a *Wister's Balsam of Wild Cherry* home with him as a pensive medicine to no profit. Last week Mr A. called and expressed his *gratitude* to me in the warmest manner, said the medicine had saved his life, paid his whole bill, and took six bottles more, and left my office for home, rejoicing Very respectfully, yours,

TRIED and proved by their continued use for the last fifty years, to be superior to any other preparations for the cure of every species of disease dependant upon

Impurities of the Blood, Derangement of the Stomach, Bowels and Liver, and all affections of the Lungs, Air Passages and Throat, as also Pain in the Bones, Joints, Side and Back, Rheumatism, Weak Stomach, Cramp, &c.

None genuine unless signed on the wrapper, "Stephen Jewett & Co." with a pen, to whom direct all orders

Prepared by STEPHEN JEWETT son of the late Dr STEPHEN JEWETT, of Rindge N H

Principal Office,—No. 30, India Street, Boston.

Please read the following certificate of a highly respectable and aged gentleman

RINDGE, N H, April 1, 1848

To all whom it may concern

I the undersigned do hereby certify, that I was acquainted with the late Dr Stephen Jewett from my childhood up to the time of his death, and having been his nearest neighbor can testify to his medical skill and knowledge of Botany, with hundreds of others now living, and that in the year 1814 I was afflicted with jaundice palpitation of the heart, pain in the side, and general debility, so as to be *unable to attend to any business* and being a neighbor of the late Dr Stephen Jewett I had recourse to his far famed *Bitters and Plaster*, and by their use was permanently cured, Since the above named date, I have used Dr Jewett's medicines with equally good effect, as prepared by Stephen Jewett son of the late Dr Stephen Jewett, of Rindge, N H, and I cheerfully recommend them to the public as safe and invaluable medicines,—and being composed entirely of vegetables, I think them far better suited to the diseases of our climate than medicines composed of minerals or foreign nostrums Try them, and judge from facts and experience I consider Dr Stephen Jewett's Strengthening Plaster far superior to any external application, for the purposes for which it is recommended, of any that I have ever known

EBENEZER BLAKE.

DR STEPHEN JEWETT'S Health Restoring Bitters.

These Bitters, acting as they do upon the Stomach, Liver, and Bowels, removing all the morbid secretions, thereby purifying the blood and invigorating the digestive organs not only cure diseases that already exist, but they also fortify the system against all attacks of disease It is a common remark among those who have used Dr Jewett's Bitters, that they have but little fear of being sick The remark is strictly true, for while the stomach and bowels are kept in a good condition, and the blood pure, all the great predisposing causes are removed and the whole system is fortified against those morbific influences, which under less favorable circumstances would have engendered perhaps fatal disease

In order that the public may know that they are offered a truly excellent article, we append the following certificate, which may be seen, with numerous others, in their original, by calling on the proprietor

BOSTON, May 15, 1848

To all whom it may concern:—This may certify that I have been for years troubled with a scrofulous humor, which has been very troublesome, and was fast undermining my health and had severe pains in the back, loss of appetite, langour, and general debility

A short time since I commenced taking Dr Jewett's Health Restoring Bitters, and in a very short time my humors and pains left me, my appetite improved, and my health has not been so good for years, all of which I attribute to Dr Jewett's Health Restoring Bitters

(Mass.) E H RUSSELL, Beach Street

DR. STEPHEN JEWETT'S Pulmonary Elixer.

Nearly one third of all the deaths that occur in New England are caused, either directly or indirectly by diseases of the Lungs and Chest Why is this great sacrifice of human life? How happens it that the brightest intellects, of the highest promise the hope and support of declining years, are smitten down in early life? Why is it that so many families have been made desolate by that fell destroyer, Consumption? And how happens it that so many interesting and lovely children are cut down every year by those dread diseases, the Quinsy and Croup? Is it because these diseases are incurable? Physicians will tell you these diseases can be cured,—if taken in season

It is true these diseases can be cured with almost absolute certainty—if taken in season Everybody should be aware of this fact, and provide themselves with Dr Jewett's Pulmonary Elixer

The following certificate, among numerous others which have been received, are appended for the benefit of those who desire to see certificates

WINCHENDON Mass March 10, 1848

Stephen Jewett—Dear Sir,—I feel it a duty to you and to the public generally, to inform you all, who may have been afflicted as I have, that I have been entirely cured of a severe and lung continued cough, by one bottle of your Pulmonary Elixer—For months I have been a great sufferer I had pain in my left side, sore throat, constant cough, and raised a good deal of bad looking matter My strength was gone, and my flesh was wasting away I took many things without benefit and was steadily getting worse, till I procured your Pulmonary Elixer which has cured me, and I cheerfully recommend it to all who are troubled with coughs

Yours truly THOS CUMMINGS

DR STEPHEN JEWETT'S Strengthening Plaster.

These Plasters possess the property of *removing Pain, curing Lameness, Cramp Pain or Weakness in the Back, Joints or Side, Rheumatism, Weak Stomach, &c*, and when used in connection with the Bitters, in Liver Diseases, will prove very beneficial in removing the peculiar pain between the shoulders, and in the side and back, well known to those suffering with such diseases This Plaster, from the quantity and quality given is vastly cheaper than and superior to the "Poor Man's" or any other Plasters, and can be made any size wanted, without waste One roll will make five good sized Plasters A single trial will be all the certificate necessary

HARTS' VEGETABLE EXTRACT

Is the only remedy that can be relied on for the permanent cure of Spinal Complaints, Spasmodic Contractions, Irritation of the Nerves, Nervous or Sick Headache, Nervous Tremors, Neuralgic Affections, Apoplexy, Paralysis, General debility Deficiency of Nervous and Physical Energy, and all Nervous Diseases, including the most dreadful of all diseases that ever afflict the human race

EPILEPTIC FITS,

or Falling Sickness, Hysterical Fits, Convulsions, Spasms, &c Dr Hart would impress it upon the minds of the afflicted, that the Vegetable Extract is the only remedy ever discovered that can be relied on for the permanent cure of this most dreadful of all diseases As the tendency is to insanity, madness and death, the most

SKILLFUL PHYSICIANS

of Europe, as well as those of our own country, have pronounced Epilepsy incurable And it has been so considered by many, until this most important of all discoveries was made by Doctor S Hart, nearly sixteen years since, during which time it has been performing some of the most

REMARKABLE CURES

upon record, and has acquired a reputation which time alone can efface Physicians of undoubted skill and experience, ministers of various denominations, as well as hundreds of our eminent citizens all unite in recommending the use of this truly valuable medicine to their patients, charge, and friends, who are thus afflicted as the only remedy

WE QUOTE THE LANGUAGE

used by those who have been cured by this valuable medicine One says, "I have suffered beyond my power of description, but now I rejoice in being fully restored to health and happiness" Another says, "I thank God I do feel that I am a well man I also feel it my duty to proclaim it to the ends of the earth that those similarly afflicted may find relief Another (who was

EMINENT LAWYER,

and well known in this city, says "my son has been afflicted for years with Epilepsy but is now enjoying good health from the Vegetable Extract He says, "should and ought to be sounded to the ends of the earth" An other says, "Language is entirely inadequate to express my gratitude to Dr Hart, for having been the means, under the blessing of God, of restoring me to good health after having been afflicted with Epilepsy in its worst forms for more than twenty three years, and my morning and evening oblation of praise and thanksgiving shall continue to ascend to that God who has afflicted but to make me whole"

Mrs J Bradley, 115 Orchard street, New York, states that she has been subject to Fits for many years, and has been restored to perfect health (after every other means had failed) by the use of the Vegetable Extract

Dr Charles A Brown of Dover Russell co Alabama, who is one of the best Physicians in the State, says that he has been much benefitted by the use of the Vegetable Extract, and that he unhesitatingly prescribes it in every case of Epilepsy which comes under his knowledge.

Curtis G Mayberry, Esq. formerly Postmaster at Lime Mills, Crawford Co, Pa, now living in Erie Co Pa, states that for many years past he has been sore ly afflicted with Fits, and he is now happy to state that a perseverring use of Dr Hart's Vegetable Extract has restored him to sound health, being entirely freed from that worst of all diseases

Mr Stephen E Frost, corner of Sixth Avenue and Twenty sixth Street, New York states that Mr Charles E Boughton, a member of his family, has been so severely afflicted with Epileptic Fits for many years that he was obliged to relinquish his business Having used Dr Hart's Vegetable Extract [says Mr F] he was soon restored to perfect health, and left this city for the State of Ohio to resume his business

Rev Mr Smith, Rector of St Peter's Church, Spotswood, New Jersey, who has been afflicted with Epileptic Fits for more than forty years, states that he has used Dr Hart a Vegetable Extract, and his health has been so much improved that he hopes by Divine blessing to have no more Fits

EPILEPTIC FITS,

For twenty seven years and six months, cured by the use of this truly wonderful medicine

Read the following remarkable case of the son of Wm Secore, Esq. of Philadelphia, affected with Epileptic Fits for twenty seven years and six months—After travelling through England, Scotland Germany, and France, consulting the most eminent physicians, and expending for medical treatment and advice three thousand dollars, returned with his son to this country in November last, without receiving any benefit whatever and was cured by using

HART'S VEGETABLE EXTRACT

I have spent over three thousand dollars for medicine and medical attendance I was advised to take a tour to Europe with him, which I did I first visited England. I consulted the most eminent physicians there in respect to his case, they examined him and prescribed accordingly I remained there three months without perceiving any change for the better, which cost me about two hundred and fifty dollars, pocketed by the physicians, and the most that I received was their opinion that my son's case was hopeless, and

POSITIVELY INCURABLE.

I accordingly left England, travelled through Scotland, Germany and France, and returned home in the month of November, with my son as far from being cured as when I left I saw your advertisement in one of the New York papers, and concluded to try Hart's Vegetable Extract, seeing your statements and certificates of so many cures, some of twenty and thirty years standing, and I can assure you I am not sorry I did so, as by the use of Hart's Vegetable Extract a lone he was restored to

PERFECT HEALTH

His reason, which was so long gone to unfit him for business is entirely restored, with the prospect now before him of life, health and usefulness He is now 28 years of age, and 27 years 6 months of this time he has been afflicted with this most dreadful of diseases but thank God is now enjoying good health.

Now, sir, faith without works I don't believe in—To any I shall be ever grateful to you in one thing, and as I here enclose you one hundred dollars, I have no doubt you will think this another and quite a different thing The debt of gratitude I still owe you, but I trust you accept this amount as interest on the debt in advance Yours very respectfully,

(Signed) WILLIAM SECORE

THE TIME IS NOT FAR DISTANT

When thousands who are now trembling under the hand of this dreadful disease, and fearing that every attack may prove fatal, will find permanent relief and be restored to new life, by using this celebrated medicine

For the removal and Permanent Cure of all

NERVOUS DISEASES,

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the

NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States to be the *most valuable medicinal discovery of the Age*

Dr. CHRISTIE'S GALVANIC BELT

and

MAGNETIC FLUID,

is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body giving tone to the various organs and invigorating the entire system Also in

FITS, CRAMP, PARALYSIS AND PALSY,

Dyspepsia or Indigestion,

RHEUMATISM, Acute and Chronic, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS STREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST,

Liver Complaint,

SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS AND PHYSICAL ENERGY,

and all

Nervous Diseases,

which complaints arise from one simple cause, namely,

A Derangement of the Nervous System.

☞ In NERVOUS COMPLAINTS Drugs and Medicines do more the harm for they weaken the vital energies of the already prostrate system, while under the stimulating life giving influence of Galvanism as applied by this beautiful and wonderful discovery the exhausted nervous system is suddenly restored to vigor Health strength elasticity and vigor

The great popularity and excellence of

Dr Christie's Galvanic Curatives,

convinces us the fact that they arrest and cure disease by *natural application* in the place of the unnatural drugs, and by quickening the vital exhausted Nervous system cause the system to perform its functions with vigor and regularity

Dry's magnetic galvanic system exposes the [illegible] of the [illegible] to [illegible] and [illegible] of the highest [illegible] in the United States only three years since more than

60,000 Persons

including all ages classes and conditions among which were a large number of ladies who are peculiarly subject to Nervous complaints have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up and every thing else been tried in vain

To illustrate the use of the **GALVANIC BELT** suppose the case of a person afflicted with the chains of civilization DYSPEPSIA or any other Chronic or Nervous Disorder In ordinary cases simulants are taken which by their action on the nerves and muscles of the stomach afford temporary relief but which leave the patient in a lower state and with injured faculties, after the action thus excited has ceased Now compare this with the effect resulting from the application of the GALVANIC BELT Take a Dyspeptic sufferer, even in the worse symptoms of an attack and simply tie the Belt around the Body, using the Magnetic Fluid as directed In a short period the internal perspiration will act on the positive element of the Belt thereby causing a Galvanic circulation which will pass on to the negative and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system Thus the most severe cases of DYSPEPSIA ARE PERMANENTLY CURED A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS

Rev. Dr. Landis, a Clergyman

of New Jersey of distinguished attainments and exalted reputation —

SIDNEY New Jersey July 12 1848

DR A H CHRISTIE—Dear Sir You wish to know of me what has been the result in my own case of the application of THE GALVANIC BELT AND NECKLACE My reply is as follows

For about twenty years I had been suffering from Dyspepsia Every year the symptoms became worse nor could I obtain permanent relief from any course of medical treatment whatever My physicians were skillful I procured men but here their prescriptions failed About *fourteen* years since in consequence of frequent exposure to the weather in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism which for years after year caused me indescribable anguish In the severer paroxysms the skill of my physicians afforded me great relief, but this relief was only temporary Further in the winter of 45 and 46 as in consequence of preaching a great deal in my own and various other churches in this region I was attacked by the Bronchitis which soon became so severe as to require an immediate suspension of my pastoral labors My nervous system was now thoroughly prostrated and as my Bronchitis became worse so also did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System My sufferings were indeed severe, and I had no prospect other than being entirely laid aside from the discharge of those duties and the performance of those labors on which my soul has ever found the highest of her joys

But reasoning from effect to cause I concluded that the Nervous System must be reached before any hope could be indulged of my obtaining relief from these most distressing maladies In the whole pharmacopoeia there seemed to be no remedial agent which could reach and recuperate my Nervous System, except the thing that I had tried for this purpose had completely failed At last I was led by my friends to examine your inventions and (though with no very sanguine hopes of their efficiency) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID This was in June 1846 TO MY GREAT ASTONISHMENT IN TWO DAYS MY DYSPEPSIA HAD GONE, IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS, FOR HAVE I SINCE OMITTED A SINGLE SERVICE ON ACCOUNT OF THE BRONCHITIS, AND MY RHEUMATIC AFFECTION ALSO CEASED TO TROUBLE ME. If time permitted, I could fill a sheet of paper with the details of particulars, but I can now only furnish this brief abstract My Dyspepsia has *never returned*, the Rheumatism once in a while visits me, but not severely, and is easily arrested, and is manifestly being driven from its hold upon my system, and my Bronchial affection is *entirely cured* Such is the wonderful and happy results of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from neuralgic affections. They have tried them, WITH MARKED RESULTS, I BELIEVE IN EVERY CASE.

I am, dear sir, very respectfully yours

ROBERT W LANDIS.

This is only one of more than four thousand cases of Rheumatism that Dr Townsend's Sarsaparilla has cured The most severe and chronic cases are weekly eradicated by its extraordinary virtues

James Cummings, Esq one of the assistants in the Lunatic Asylum, Blackwell's Island, is to great extent spoken of in the following letter

Blackwell's Island, Sept 14, 1847

Dr Townsend—Dear Sir I have suffered terribly for nine years with the Rheumatism, considerable of the time I could not eat, sleep or walk I had the most distressing pains, and my limbs were terribly swollen I have used four bottles of your Sarsaparilla, and they have done me more than one thousand dollars worth of good I am so much better—indeed, I am entirely relieved You are at liberty to use this for the benefit of the afflicted Yours respectfully

JAMES CUMMINGS

FITS FITS! FITS!

Dr Townsend not having tested his Sarsaparilla in cases of Fits of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester County

Fordham, August 13, 1847

Dr Townsend—Dear Sir I have a little girl, seven years of age who has been several years afflicted with Fits was tried almost every thing for her, but without success at last although we took find no recommendation in your circulars for cases like hers, we thought, as she was in very delicate health, we would give her a one of your Sarsaparilla and are very glad we did, for it not only restored her strength, but she has had no return of the Fits, to our great pleasure and surprise She is fast becoming rugged and hearty, for which we feel grateful Yours respectfully

FEMALE MEDICINE

Dr Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption Barrenness Prolapsus Uteri or Falling of the Womb, Costiveness, Pelvic Leucorrhœa or Whites, obstructed or difficult Menstruation Incontinence of Urine or involuntary discharge thereof, and for the general improvement of the system—no matter whether the result of inherent cause or causes, produced by irregularity, illness, or accident Nothing can be more surprising than its invigorating effects on the human frame Let a sickly weakness and lassitude flow from disease, it will become not and full of energy under its influence It immediately counteracts the weakness of the female frame which is the great cause of female weakness—It will not be expected that we can give a full detail of the cures effected by this medicine, but we can assure the afflicted, that hundreds of cases have been reported to us Thousands of cases where females have been without children for years, after taking a bottle of this invaluable medicine have been blessed with fine healthy offspring

TO MOTHERS AND MARRIED LADIES

The extract of Sarsaparilla has been expressly prepared in reference to female complaints No female who has reason to suppose herself approaching that critical period *the turn of life* should neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life This period *may be delayed for several years by using this medicine* Nor is it less valuable for those who are approaching womanhood as it is calculated to assist nature by quickening the blood and invigorating the system Indeed this medicine is invaluable for all the delicate diseases to which women are subject.

It braces the whole system renews permanently the natural energies—by removing the impurities of the body not so far stimulating as to produce subsequent relaxation—which is the case of most medicines taken for female weakness and disease By using a few bottles of this medicine, many severe and painful surgical operations may be prevented

GREAT BLESSING TO MOTHERS AND CHILDREN

It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon child birth ever discovered It strengthens both the mother and child prevents pain and disease, increases and enriches the food—those who have used it think it is indispensable It is highly useful both before and after confinement as it prevents diseases attendant upon childbirth—as Costiveness, Cramps, Swelling of the Feet, Despondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal The great beauty of this medicine is it is always safe, and the most delicate use it most successfully, very few cases require any other medicine—in some a little Castor Oil or Magnesia is useful Exercise in the open air and light food with this medicine, will always ensure a safe and easy confinement

BEAUTY AND HEALTH

Cosmetics, Chalk, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in some cosmetics its own production in the "human face divine," as well as in the garden of rich and delicately tinted and variegated flowers A free, active and healthy circulation of the fluids or the coursing of the pure, rich blood to the extremities, is that which paints the countenance in the most exquisite beauty It is that which imparts the indescribable shades and flashes of loveliness that all admire, but none can describe This beauty is the offspring of nature—not of powder or soap If there is not a free and healthy circulation, there is no beauty If the lady is fair as driven snow, if she paint and use cosmetics, and the blood is sick, cold, and impure, she is not beautiful If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes, that is fascinating

This is the reason why the northern, and especially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of delusive cosmetics, if they wish to regain elasticity of step buoyant spirits, sparkling eyes, and beautiful complexion, they should use Dr. Townsend's Sarsaparilla Thousands who have tried it, are delighted, and delighted.
